

Climbazole Parameter Specifications

Product Name: Climbazole

Packing specification: 25kg/drum

Uses: sterilization, anti-dandruff, antipruritic

CAS number: 38083-17-9

EC-NO: 253-775-4

Chemical formula: C₁₅H₁₇ClN₂O₂

Relative molecular mass: 292.76

Melting point: 96-100 °C

Appearance: white powder

Structure:
